Concealed Handgun Carry Course

Using the National Rifle Association Basic Pistol Course and supplementing with additional materials as required by Louisiana's concealed carry laws this approximately 10-hour course will include instruction on handgun nomenclature, ammunition, shooting fundamentals, child access prevention, review of law and use of lethal force, choosing other accessories/equipment, cleaning/maintenance, and will conclude with live firing on the range. Successful students will be awarded certification at the instructor's discretion.

Initial Course Cost: \$125.00 (includes range fees)

Renewal Course Cost: \$75.00 (includes range fees)

Class Times: Saturday 9:00am to approximately 7:30pm

Classes are limited to 15 students. Students may reschedule only ONCE and only if you call at least three (3) days before the class. Students must register in person at Precision Firearms & Indoor Range.

Included in the course package are the course book, range fees, and target. The only thing left to do is the fingerprinting but this does not have to be done prior to the class. We strongly encourage that the applicant's fingerprints be taken at the State Police headquarters building using their state-of-the-art Motorola AFIS fingerprinting machine to minimize the possibility of your fingerprints being rejected when using the old-style ink and paper method. The state charges a very reasonable \$10.00 for this and you are assured of good fingerprints.

All required course materials and concealed carry application forms will be provided to the student. You are encouraged to bring your own UNLOADED handgun and holster to the class and each student will need at least 50 rounds of ammunition. Do NOT bring ammo to the classroom. For those students who do not have their own handgun/ammo or choose not to bring them, rental guns and ammunition for sale will be available.

This course is taught by a certified National Rifle Association Pistol Instructor who is registered with the Louisiana State Police as a concealed carry instructor.
